

WINTER CAMP

2018

ISHCMC Winter Camp 2018 (Overview)

Our three-week (13 day) Winter Camp is divided into weekly themes. Each theme stands alone as a unique project-based learning experience. Students will interact with the weekly theme through a fun mix of sports, team-building, activities, cooking classes, weekly projects and life-skills.

The goal of each weekly theme is to expose students to unique learning opportunities. These individual learning experiences will help guide students on their larger journey as lifelong learners.

Winter Camp Overview by Weeks

Week 1 (17 – 21 Dec):

iAm is where children are encouraged to explore what is important to them and what they are passionate about, through a creative process.

Week 1

P What do I love to do? | How am I unique? | How am I smart? Focus on **emotional intelligence(EQ)?**

LS Positivity & Creativity **TB S C A**

Children create and explore 'their personal vision' through inquiry-based projects and activities, this will be supported with the core value of 'positivity' throughout the week as they work out what they feel passionate about.

Week 2 (24 – 28 Dec):

iThink is a journey to identify 'perspective' as they investigate different ways of thinking and how this can be applied to everything!

Week 2

P How do I think? | How do I know what I know? | Are there different ways to think? | **Does everything start with a thought?**

LS Creativity and Open-mindedness **TB S C A**

Children explore endless possibilities as they come to realize that the way we think creates, controls and determines all things around us!

iThink

Week 3 (31 Dec – 04 Jan):

iCan focuses on 'making things happen'. Children investigate the concept of setting goals and taking necessary action to achieve their goals.

Week 3

P What are my goals? | What should I do to reach my goals? | How can I make my goals a reality? Focus on **Creating your world!**

LS Confidence **TB S C A**

Children connect the process of setting goals with a realization that action is required and that the actions (along with the goal) connect to time.

iCan

LS Life Skills

Positivity | Creativity | Open-mindedness | Confidence

Life skills activity sessions, through engaging fun activities, will connect students to weekly core values. These sessions are designed to have practical understanding and outcomes for children that can be applied to their everyday life.

P Project

Inquiry-based projects are designed in-line with each weekly theme to guide students to investigate their interests related to the topics and guiding questions.

TB Team Building

Teambuilding focuses on boosting confidence and promoting self-esteem. Children are encouraged to learn the true value of collaboration in activities to achieve collective goals through synergy.

S Sports

Put down the iPad, mobile phones, switch off the TV and get active! Sports games and activities for children help develop movement skills, confidence, and their love of being active.

C Cooking

Fun in the kitchen and such a valuable life skill! Children will learn about various baking and cooking styles and techniques where they are introduced to the various ingredients to form foods from sweet to savory (with a focus on healthy options).

A Activities

Activity sessions are art & craft-based activities that link closely to each weekly theme (Personal Vision – Thinking Skills – Create your World).

Dates (17 Dec – 04 Jan)

Week 1: 17 – 21 Dec

Week 2: 24 – 28 Dec (no camp on 25 Dec)

Week 3: 31 Dec – 04 Jan (no camp on 01 Jan)

Days & Times

Monday to Friday each week 8.30 am to 3pm

EXAMPLE TIMETABLE		MON	TUE	WED	THUR	FRI
