**Q: HOW DO YOU HANDLE INCLEMENT WEATHER?**

A: Safety is our number one priority at all times, and we are extremely mindful of the weather. If we see or hear a thunderstorm approaching, outdoor activities are immediately brought inside to an indoor facility suitable to continue the sporting or teambuilding activity.

**Q: WHAT PRECAUTIONS DO YOU TAKE TO HANDLE THE SUMMER HEAT?**

A: We are aware that the summer heat can drain our student's energy throughout the day and week. Water is always available for students and they are encouraged to take water breaks approximately every 15-20 minutes. We take the heat, the humidity index, and the air quality index seriously. Daily, the on-site Program Director will make decisions relating to the air quality and the weather with student health and safety in mind.

In addition, we plan the timing of outdoor activities in the cooler parts of the day and we ensure that students apply sunscreen and wear a hat whilst doing outdoor activities.

**Q: CAN SUMMER CAMP ACCOMMODATE CHILDREN WITH PEANUT OR LIFE-THREATENING ALLERGIES?**

A: Families with children who have peanut or nut allergies can feel safe and comfortable at summer Camp. We are aware of the dangers and concerns with severe allergies and take our allergy procedures and systems very seriously. TAS has a 'nut free' policy which is applied throughout the school.

**Q: DO YOU HAVE AN INCLUSION POLICY?**

A: We certainly do! Summer Camp strives to provide a safe and supportive environment for each child as they work to discover and grow their personal best with us regardless of race, gender identity, ethnicity or background. Our goal is to create a space where children feel secure enough to expand their comfort zones, try and discover new passions and stretch themselves.

**Q: WHAT IS YOUR SUMMER CAMP DISCIPLINE POLICY?**

A: Summer Camp staff use positive techniques of guidance, including logical or natural consequences applied in problem situations, redirection of children to more acceptable behavior, anticipation of and elimination of potential problems and encouragement of appropriate behavior rather than comparison, competition or criticism.

Consistent and clear rules are established. Staff members encourage children to solve problems rather than imposing solutions and help children to recognize and respect one another's feelings. Our staff encourage pro-social behavior such as cooperation, helping, taking turns and constructive verbal communication to solve problems. The goal is to help children internalize rules and become self-directed in their behavior.
