**What has the most value, attitude or ability?**

### Week 2

#### Critical & Creative Thinking

#### Curiosity

What is ai? What can ai do?  
What can't ai do?  
How are humans and ai 'robots' different?  
What makes me, me?

**What does the future look like with ai?**

### Week 3

#### Perception

#### Open Mindedness

What is reality?  
Do we see things in the same way?  
What is an illusion? What is magic?

**If we change the way we look at things, can the things we look at change?**

### Week 4

#### Determination

#### Positivity

What is determination?  
Do I have grit?  
Can I overcome my fears?  
Is it OK to fail?

**What happens if you ALWAYS try your best?**

### Week 5

#### Open-mindedness

#### Self Belief & Confidence

What is REALLY important to me?  
What is success?  
How can I set goals?  
What do I need to LEARN to be successful?

**Are THINKING + ATTITUDE the key to success?**

# Performance

Students will be hosting a performance for families based on their learning activities throughout the summer. The performance is designed to not only reflect the things that children have learned throughout the summer about REALLY believing in themselves. It is also designed for children to pass on this learning to parents and family members to also learn the value and power of

## MINDSET & COMMUNICATION

E-Study has partnered with Inspireeducamps - the provider of summer camps to the top international schools in Ho Chi Minh City to create a unique activity-based learning summer camp experience at Canadian International School.

Our five-week (25 day) Summer Camp is divided into weekly themes. Each theme stands alone as a unique project-based learning experience. Students will interact with the weekly theme through a fun mix of sports, team-building, activities, cooking classes, weekly projects and life-skills.

The goal of each weekly theme is to expose students to unique learning opportunities linked to personal vision and **growth mindset**. With a focus on building **confidence**, these individual learning experiences will help guide students on their larger journey as lifelong learners.

## Our dynamic programme has been designed to:

- ✓ IMPROVE ENGLISH LANGUAGE ABILITY & CONFIDENCE WITH A FOCUS ON MINDSET
- ✓ Support students already in an international school to become more confident in using English language
- ✓ Learn the value and power of mindset and attitude
- ✓ Learn study skills that can be applied to English and all other learning areas and subjects at school
- ✓ Focussed English language course suitable for all ages to improve English levels
- ✓ Create an opportunity for children to meet new friends from other schools attending the summer camp

# Staff & Education Leaders

***Our Teachers are all educators from USA, UK and other English speaking countries***

Inspire Educamps employs passionate and professional staff who are trained and supervised by our Academic & Programme Directors.

All staff are selected and placed on their individual specialized areas relative to English language teaching qualifications and specialist area expertise and experience. Our minimum requirement is that our expat teaching staff have a Degree, an ESL qualification (Celta or equivalent) and police background clearance meeting the requirements of our partner schools.

All Inspire Educamps staff are carefully interviewed to establish that they are passionate about working with children and have the desired skills and good character to meet our high standards.

LS

Mindset

Life skills sessions are designed to help children to improve competencies and interpersonal skills. Sessions are designed to have practical understanding and outcomes for children that can be applied to their everyday life.

Mindset

P

Academic

Inquiry-based projects are designed in-line with English language learning connected to each weekly theme to guide students to investigate their interests related to the topics and guiding questions.

CV

Mindset

Core values sessions are designed around promoting personal beliefs, ideas and practices that influence how we best-conduct ourselves in our everyday lives. In these sessions we focus on being the best version of ourself!

S

Put down the iPad, mobile phones, switch off the TV and get active! With a focus on collaborative sports games and activities for children that help develop movement skills, confidence, and a love of being active.

TB

Teambuilding focuses on boosting confidence and promoting self-esteem. Children are encouraged to learn the true value of collaboration in activities to achieve collective goals through synergy.

D

Drama sessions develop inter-personal skills and abilities such as speaking, critical thinking, self-confidence, time management, self-discipline and teamwork while exploring emotions, empathy and relationships.

A

Activity sessions are art & craft-based activities that link closely to each weekly theme. Using age-appropriate techniques and materials, children will engage in interesting activities designed to challenge their creative thinking.

C

Children learn about various baking styles and techniques where they are introduced to a variety of ingredients to fun and tasty cakes and biscuits. Cooking is a valuable life skill, and also something that children love to do at summer camp
